

JGR Planets

Journal of Geophysical Research: Planets publishes original research articles spanning the broad field of planetary science, including but not limited to planetary geology, geophysics, geochemistry, atmospheres, dynamics, and exoplanets.

Article Publication Charges

Journal of Geophysical Research: Planets offers authors the option to publish their articles Open Access: immediately free to read, download, and share.

If the Open Access option is selected, submissions will be subject to an APC if accepted and published in the journal: \$3,880 USD / £2,770 GBP / €3,330 EUR

Authors who receive funding from an agency or institution with a Wiley Open Access Account do not pay directly. The charge is paid by the institution or funder. Please see Wiley's pages on agreements with [Funders](#), [Institutions](#) and our [Author Compliance Tool](#) to find out more about what arrangements your funder may have made to pay for Open Access. [More details are available here.](#)

Taxes on Publication Charges

The prices quoted do not include any value-added tax (VAT), goods and services tax (GST), or other sales taxes. Tax may be charged in addition to the price shown where required by law. The amount of tax charged will be calculated at the point of sale and identified separately.

If you have a VAT, GST, or other sales tax identification number, you should provide this when requested.

Open Access Licensing and Copyright

Journal of Geophysical Research: Planets articles that publish Open Access are published under the terms of the Creative Commons Attribution License. The CC BY license permits commercial and non-commercial re-use of an open access article as long as the author is properly attributed.

To find out what licenses the journal offers, please consult the [Author Compliance Tool](#). For more information about the licenses offered by this journal, please visit the [Wiley Author Services](#).

Advertising Policy

Journal of Geophysical Research: Planets accepts advertisements that are relevant to the journal's subject community, promote high quality products and services, and are provided by reputable organizations who display a true commitment to science and medicine. This journal can earn revenue from advertising sales income.

Wiley's advertising policy safeguards editorial autonomy and mitigates potential conflicts of interest.

Wiley advertising sales activities conform to applicable ICMJE advertising recommendations, and all advertising campaigns served against editorial content are subject to the ICMJE recommendations. Our policies align with industry standards, guidelines, and best practices. Advertisers, agencies, and partners promoting their products on Wiley platforms follow regulations set forth by the appropriate regional governing bodies.

Wiley targets advertising based on publication, taxonomy, geography, behavior, and opted-in audience demographics. User specific targeting only applies to individuals who have willingly and explicitly agreed to share their personal data as per our privacy policy. For more information about this journal's advertising policy, please contact corpsolutions@wiley.com.
