To Whom It May Concern

We, STAR-Dundee Ltd., a world leading provider of spacecraft on-board data handling network technology for the aerospace industry, hereby confirm that STAR-Dundee is the only manufacturer of the SpaceWire Brick Mk4, and we supply directly to users in Europe. In addition, STAR-Dundee has a global network of distributors and representatives who handle the shipping and importing of our products into some countries outside Europe.

I am a technically knowledgeable authorised individual. If you require any further information, then please let me know.
